

## USER GUIDE – STEP 1. REGISTRATION

To register for flusurvey.ie, simply click on the register button near the top-right of the home page.

The registration screen will then be displayed.

The screenshot shows the registration form on the flusurvey.ie website. The form is titled 'Registration Form' and includes a 'Join the survey' button. The form fields are: Username (case sensitive), E-mail, Password, and Password (again). A 'Register' button is located at the bottom of the form. The 'Log in' and 'Register' buttons are also visible in the top right corner of the page.

Four inputs are required:

- Your username (this will have to be unique for the flusurveyie system)
- Your email (the address where you will receive notifications and reminders)
- Your password (once)
- Your password (to confirm)

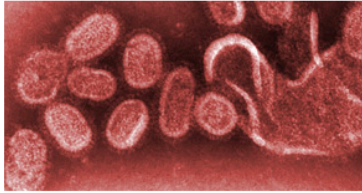

Click on the register button, and you should see a confirmation message (see overleaf) informing you that registration is complete, and that an activation email will be sent to your email address.

**Influenzanet** Influenzanet is a system to monitor the activity of influenza-like-illness (ILI) with the aid of volunteers via the internet
